

"Go Long"

Every football fan knows what it means but did you know the **Slipstick Conveyor** is the only horizontal motion conveyor built to lengths of over two hundred feet and powered by a single drive unit?

One **Slipstick Conveyor** does the work of multiple shorter conveyors. More conveyors, more drive units, more maintenance – who needs that?

Call **1.800.527.2116** today or visit www.sssdynamics.com to learn how Slipstick Conveyors can simplify your operation and increase your profits.

*When size matters,
Slipstick Conveyors go the distance.*
